

2006 York Junior 4-H Camp Registration begins January 2

Yorktown, Dec. 27 — York County's Virginia Cooperative Extension will begin accepting applications **by mail only** on Jan. 2 for the 2006 York Junior 4-H camp. This year's camp will be held June 26–30 at the Jamestown 4-H Educational Center. This registration window is much earlier than in previous years.

Registration materials for the camp have already been mailed this December to last year's campers, and anyone else who has requested a registration form. If you have not received a registration form, they can be requested by e-mail (ex199@vt.edu) or by calling 890-4940 to get on the mailing list. Forms may also be downloaded from http://www.yorkcounty.gov/vce/upcomingevents/4-H/4h_jr_camp.htm.

Camp registration forms will be accepted **ONLY BY MAIL** starting Jan. 2. Applications postmarked before Jan. 2 **will not be considered**. Due to the high popularity of Junior 4-H Camp, early registration is recommended. Registration will remain open until all camp slots are filled.
